About Me

Your assignment: Tell me about yourself. It is important to me to know who you are, why you are here, and where you are going. What is life like for you at school? What is life like for you at home? What are your likes and dislikes? How do you learn best? What keeps you from learning? What do you want to get out of your time at Highline High School? What does your future look like? How can I help you achieve the future you want for yourself? Please write as much as you are comfortable writing.
